

Face Products

Our three-step process is your road to success. The more you follow it, the closer to the prize you'll get.

Step 1 -§ CB Face Shampoo

Use once a week or biweekly to remove dirt and grime from stains.

Step 2 -§ CB Face Wash

Through the unique formulation of this product's bleaching agent, CB face wash can be used anywhere fur is stained. This cleanser should be used on a daily basis to wipe away discoloration.

Step 3 -§ CB Face Powder

Contains peroxide in a powder form, which helps lighten stains and adds oxygen back into the fur. For best results, shake closed powder container before each use and apply to clean, dry fur.

Shampoo

§ CB Healthy Coat pH Balancing Shampoo: The essential oil of tea-tree makes this shampoo antifungal and enhances coat growth. Unlike human hair, feline hair grows in cycles. This product helps increase the number and length of growth cycles. For anti-fungal use, we suggest you use the shampoo full strength on spots and let it sit for up to 10 minutes. For normal use, just use as you would any other shampoo. Best if used as the last shampoo. Rinse well.

§ CB HC pH Balancing Face and Body Shampoo: Many breeders consider this tearless shampoo the best all-around body and coat shampoo, especially for shorthair breeds.

§ CB Almond Oatmeal Honey Shampoo: Restores volume and leaves coat healthy, shiny, and supple. Packed full of vitamins, it soothes, softens, and heals dry skin and coat.

§ CB pH Balancing Conditioner: Deliciously scented with lemongrass & lavender, this conditioner nourishes your feline's fur and skin. All-over bliss!

§ Doggie Shampoo Bar: Neutralizes acidity. Suitable for sensitive skin, yet contains a powerful natural antiseptic that keeps fleas and odors at bay.

Soap & Soak

These bars are used to treat your pet's most needed skin ailments.

§ Stud Tail Bar

With goat's milk. Contains lemongrass to remove excess oil without stripping.

§ Hot Spot Bar

With shea butter. Soothes, moisturizes and heals dry, itchy spots.

§ Chin Acne Bar

With aloe. Heals while removing impurities.

§ Dander bar

With honey. Packed full of vitamins to help revitalize skin and coat.

§ Itch Relief Bar

With oatmeal. Treats the skin while conditioning the coat.

§ Doggie Soak: Developed to cleanse and help heal your dog's skin, especially in the area of the feet, legs, and knee, where dry shafting is most prominent. Helps heal chronic eczema, Psoriasis, and hot spots. Restores skin damaged by chemicals, grass allergies, and more. Made from our top of the line, purest, authentic Dead Sea salt direct from Israel. Dead Sea salt moisturizes as it helps heal. It is very mild and does not leave a film on the skin or coat. This spa treatment suits all skin types, especially sensitive skin.

Groomer Care

§ CB Groomer Hand Soap

With 20 percent moisturizing shea butter, this soap helps heal and soften hands.

§ CB Groomer Hand Lotion

With 20 percent shea butter, this lotion helps heal overused hands. Unscented.

§ CB Tea -Tree Bar Soap

A breeders dream bar! This fancy soap keeps both you and your pets clean and safe! No more worry about passing nasty germs from one to another.
